

SHOWA 719B

Protecting against a broad range of hazards, the SHOWA 719B chemical-resistant gloves features an extended gauntlet for forearm protection. The 0.28 mm thick unsupported nitrile provides resistance against chemicals, solvents, oils, and animal fats. The ergonomic design ensures comfort during long periods of wear. Featuring a Diamond textured surface makes wet work easier and safer.

USER INSTRUCTIONS

Gloves provide protection from chemical and mechanical hazards shown. Do not use gloves that show signs of wear. If required, cleanse outer surface of glove with running water. Discard used gloves in compliance with local regulations. Do not wear gloves when there is a risk of entanglement by moving parts of machines.

DISCLAIMER

The descriptions, characteristics, applications and photos are given for information purposes and do not constitute a contractual commitment. The manufacturer reserves the right to make any modifications it deems necessary.
